ABOUT US

Where Sophistication Meets Exceptional Service

Founded in 2014, First Class Chauffeurs is a prestigious luxury chauffeur company specialising in premium transportation across London and throughout the United Kingdom. Our commitment to excellence shows in every detail — from an immaculate fleet to highly trained professional chauffeurs.

Our privately owned fleet features world-class vehicles including Rolls-Royce, Mercedes-Maybach, Mercedes-Benz S-Class and Range Rover. Every vehicle is less than three years old and meticulously maintained, offering the very latest in comfort, safety and design.

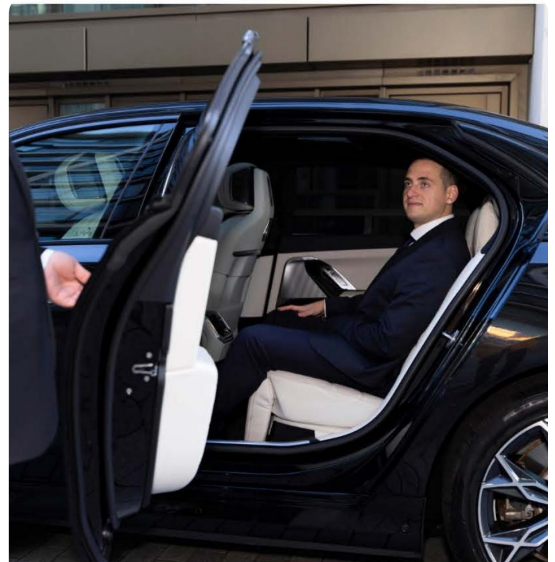

Our chauffeurs are the heart of the service. With exceptional knowledge of London and the surrounding areas, they combine discretion, professionalism and precision to deliver seamless, secure journeys — whatever the destination.

OUR STORY

First Class Chauffeurs began with two friends — Alex and Igor — who shared a vision shaped by a passion for luxury and a dedication to exceptional service. Their backgrounds spanned asset management, yachting and fine art, giving them a deep understanding of what true luxury means: not just beauty, but experience, care and attention to detail. Together they set out to redefine premium transportation, treating every client like royalty, whatever the occasion.

From that vision, First Class Chauffeurs was born — a service designed not simply to transport, but to transform every journey into a refined and unforgettable experience. Today we serve private individuals, corporate accounts, embassies and event organisers across the capital and beyond.
